Ray McClung, Newsman, Dies After Illness

R. C. Resident Headed Merced Paper, Five Radio Stations

Ray McClung, well-known newspaper publisher and a resident of Redwood City for the past five years, passed away early Monday in Palo Alto Hospital of a heart ailment.

Mr. McClung was president of the Merced Star Publishing Co., publishers of the Merced Sun-Star, and was interested in radio stations in Merced, Watsonville, Chico, Redding and Longview, Wash. He and his family, which includes his wife, Marjory, and three children, Helen and Marjory, students at Sequoia High School, and Carl McClung, now employed with the United Press in Sacramento, had moved to Redwood City because of its climate. They lived for some time at 163 Somerset St., but their home is now at 141 Whipple Ave.

Let a Classified Ad sell it for you.

Motorists Summerize For Biggest Era of Pleasure

How not to do it is here portrayed by a fair motorist, who started out to see the sights of 1939, the West's greatest period of fairs, fiestas and motoring thrills. Stranded, she calls for help beside the road just because she forgot to have her car Summer-ized, or inspectd-for-safety, as explained by Mobilgas officials. The bewitching autoist is Margery Weaver, well-known Twentieth Century-Fox player, and the good samaritan is Kenneth Howell. They are featured in the new production, "The Jones Family in Hollywood."

Preparing for the greatest motoring era of all time, thousands of car owners are now having their machines critically examined at Mobilgas stations, in accordance with the "Summer-ize" (free-inspection - for - safety) plan recently announced in this newspaper through display advertisements of General Petroleum Corporation and its Mobilgas dealers.

Reasons behind this remarkable demand for the inspection of vital car parts, officials of the company declare, are a growing safety consciousness and the conviction of motorists that they must be ready for more travel and more fun-fests than ever enjoyed on this part of the globe.

Brightest Spot in World

"The brightest area on the pleasure map of the world this Spring and Summer," said A. J. Donnelly, Northern California manager for the Mobilgas-Mobiloil marketing organization, "is the Pacific ..est. Never before have there been so many fairs, fiestas, rodeos, beauty contests, horse races, anniversary celebrations, athletic meets, swimming events, and exhibitions of pageantry. To enjoy as many of them as possible, millions of motorists will dart hither and yon, in an inter-state exchange of traffic surpassing all records.

Car Inspections Made

"Our Summer-ize plan, offering free, expert examination into the condition of motor vehicles and lubricants, will save drivers a lot of time and trouble when the heavy traffic gets under way. Therefore, it is proving immensely popular. It has been endorsed by highway officials and motorists alike. Our local stations have heard many favorable comments about this prepare-for-Summer system, as recently announced in your newspaper.

Time Is Limited

"This free examination into the condition of oils, greases, tires, batteries and vital car parts will be in effect in your city for a limited time only. It's better to be a week early than a day late in having these essential check-ups made by your local Mobilgas dealer."

PALO ALTAN ELECTED HEAD OF EIGHTH DISTRICT VFW

At a session at which all state department officers were present, the eighth district, Veterans of Foreign Wars, meeting Sunday following dedication of the memorial plaque for Corp. James Lindsay Wilson Post 2310, elected the following officers:

Commander: Edwin Walsh, Post 69, Palo Alto.

Senior vice commander: Clayton H. Heald, Post 2310, Redwood City.

Junior vice commander: Raymod Brulez, Post 2044, Daly City.

Chaplain: George Potts, Post 888, Santa Cruz.

The officers will take their seats immediately following the 19th annual department encampment at Hollywood June 18-21.

The district group went on record favoring election at that time of the following: For department commander, William Lull of South Gate, present senior vice commander; for senior vice commander, Arthur Gustavson, Oakland, present junior vice commander; for quartermaster, Charles J. Gavin, San Francisco, present adjutant.

Comm. Matthew Beaton presided over the session, at which Department Comm. William Wilson spoke on the question of foreign influences forming within in this country to undermine the democratic form of government. He urged the VFW to fight continuously to control this situation.

It was reported that the state department on Apr. 30 had shown an increase of about 2400 members over the same time last year.

Senior Vice Commander Lull discussed the coming encampment.

County Board To Have Order At Meetings

Heads of Departments Urged To Aid Move For Dignity

Hinting broadly that subversive elements were taking advantage of inharmony in county government to break it down, the board of supervisors in a startling move Tuesday morning called in department heads to issue a plea for dignity, decorum and co-operation in handling their affairs.

Chairman H. H. Smith served notice that he would clamp down on demonstrations and would eliminate clapping, foot-stamping, and applause at future board meetings, and the board requested Sheriff James J. McGrath to provide a deputy to act as sergeant-at-arms at the board's sessions.

Smith opened the meeting by reading an article from the Los Angeles Times dated April 29 reporting the request of the city council there for a Dies Committee investigation of Communistic activities there.

WORKER GROUPS MENTIONED

The article mentioned Labor's Non-Partisan League and the Workers' Alliance, both of which have been active in San Mateo County, notably in demanding a federal survey of the county health department.

The chairman drew a parallel between conditions in Los Angeles and in San Mateo County as he addressed the assembled department heads.

Present were Probation Officer Francis Robinson, School Supt. Pansy Jewett Abbott, Recorder T. Clark Rice, Agricultural Commissioner Max J. Leonard, Tax Collector Ambrose McSweeney, Executive Frederick Peterson, Health Director C. C. Gans, Dist. Atty. Gilbert D. Ferrell, Librarian Clara B. Dills, Bert Welte from the engineer's office, County Clerk W. H. Augustus, and Treasurer A. H. Sagehorn.

"Dissension in county government provides a fertile spot for efforts to break down our government," Smith declared. "The public has no respect for a family that quarrels."

NO 'CHIPS ON SHOULDERS'

He said he was making the statement to the department heads to bring about a realization of the necessity for harmony, co-operation and dignity in handling their affairs, especially in view of the rapid growth of the county.

He announced he would deal harshly in the future with those who came to board meetings with "chips on their shoulders."

COURTS HONOR LATE JUDGE

The superior courts of San Mateo County adjourned Monday out of respect to the memory of Presiding Justice John Frederick Tyler f the District Court of Appeals who died Sunday in a San Francisco hospital after a long illness.

Cotton planting usually begins on a large scale the week after Easter in the deep South.

Robbery Suspect Denies S. C. Crime

Dep. Dist. Atty. Burress Karmel and San Carlos Police Chief Edward Wheeler have questioned Frank J. Leonard, 59, now serving time in San Quentin for a Hanford robbery, in connection with the $1400 robbery of the Boniface Puertas home in San Carlos a year ago. Karmel said Leonard denied any complicity in the crime.

Leonard was identified at Hanford by Puertas and Miss Clorinda Trujillo of Redwood City, maid employed at the Puertas home at the time of the robbery. Both picked him out of a police line-up, and previously had identified him by police photos.

Whether or not Leonard would be returned to San Mateo County to stand trial has not been determined, Karmel said.

San Francisco police, it was learned, are also questioning Leonard in connection with robberies there.

Measles Continues As Near Epidemic

Measles continued in near-epidemic stage in San Mateo County during the week of Apr. 29, according to the county health department's report released here. One hundred eight new cases were reported for the week, compared to 88 in the previous week. Focal points of the disease were Menlo Park with 47 new cases, and San Mateo with 41.

Tuberculosis cases increased to six compared to none for the previous week. Four of them were in Redwood City, two in San Mateo. Eight new cases of venereal disease were reported.

Wallace Beery, this time as an officer of the law, in "Sergeant Madden," at the Fox Sequoia Theater Sunday, Monday and Tuesday, on the same program with Deanna Durbin's "Three Smart Girls Grow Up."

Low Relief Cost Enjoyed by County

San Mateo County in January had the lowest per capita relief burden of any county in the state, according to a report released Monday by Dr. Charles C. Gans, director of health and welfare. Relief costs, including SRA, aid to needy aged, children's aid, blind aid, and direct county aid amounted to 49 cents per capita, according to the tabulation.

Highest per capita expenditure was $2.40 in Tulare County. San Francisco showed $1.08, Santa Clara County $1.54, and Contra Costa County 66 cents.

San Mateo County's January per capita figure was based on a population of 95,000 and an expenditure of $47,000.

The number of persons receiving aged aid for each 1000 county residents was 9, the same figure shown for Contra Costa and Solano Counties. Lowest number was 7 (Imperial County) and highest 51 (Trinity County).

Los Angeles County led in relief expenditures for the month with $3,567,000. Lowest was Alpine County with $430 and a population of 600.

Only about nine per cent of the American corn crop is used by industry, nearly all of it going into the food and feed markets.

Gibson Names Board of Directors for 1939 Floral Fiesta

San Jose Bomber Suffers Remorse, Faces Life Term

SAN JOSE, May 11 — Primo Trombello, the 39-year-old relief applicant who bombed the SRA office Tuesday, today suffered the consequences of his act—the physical suffering of the bandaged stump which was his good right arm, and mental anguish as he considered the possibility of a life in prison.

A formal felony charge was sworn before Police Judge Percy O'Connor yesterday afternoon charging Trombello with malicious use of explosives. The penalty is one year to life.

Meanwhile Police Chief John N. Black placed the SRA headquarters under guard, ordered a patrol car to make at least six visits a day. Robert Soutts, county SRA director, is endeavoring to have a state guard placed at the office.

Office workers were reported to be "jittery" since the bombing which threatened the lives of more than 50 persons.

Trombello told officers, "I'm sorry for what I did. I'm glad no one was hurt but myself."

He said he only wanted to scare people.

Trombello, who had between $600 and $700 in a safe deposit vault, was refused relief. Enraged because he thought he was the victim of prejudice, Trombello manufactured a crude bomb from a piece of pipe packed with gun powder and bird shot, which exploded in his hand as he fumbled at the door of the employes' office at SRA headquarters.

Bad Check Charges Jail R. C. Mechanic

Martin T. Olson, 38, 110 Orchard Ave., Redwood City, a mechanic, is in the county jail here today in lieu of $1000 cash bail following his arrest yesterday on a charge of issuing a fictitious check.

Olson, according to Dep. Dist. Atty. Buress Karmel, passed a worthless draft for $21.50 on Vernal Kelly, Redwood City, Apr. 22.

RODEO SUPPLANTS PAGEANT IN PLANS FOR COUNTY SHOW

Names of the 18 directors appointed to guide the destinies of the San Mateo County Fair Association at its first official production of the San Mateo County Floral and Products Fiesta Sept. 21-24 inclusive, were announced today by President Bruce S. Gibson.

Although two more directors are to be appointed, according to Gibson, one to represent the Belmont-San Carlos district and another to represent organized labor, the new board of 18 is more widely representative of all parts of the county than any previous Fiesta commission.

CONTRACT BASIS

Effective this year, he explained, the Fiesta will be produced on a contract basis by the San Mateo County Fair Association. Previously it was staged by a Fiesta Commission named by the board of supervisors. Nine of the present board members are holdovers from the commission. The personnel:

Bruce S. Gibson, president, San Mateo; Elmer A. Roberts, first vice president, Burlingame-Millbrae; J. Elmer Morrish, second vice president, Redwood City-Atherton-Woodside; Mrs. F. M. Perkins, Redwood City-Atherton-Woodside; George J. Davis, treasurer, Burlingame-Millbrae; Ralph C. MacArthur, Daly City-Lawndale; Edward H. Clark Jr., Hillsborough; Dr. Otto F. Westphal, Redwood City-Woodside-Atherton; Joseph H. Cunha, South Coastside agricultural area; Floyd B. Tower, San Bruno-Lomita Park-Lawndale; Charles J. Ledwith, South San Francisco-Brisbane, Bayshore City; George Lagomarsino, North Coastside agricultural area; F. M. Bartlett, San Mateo; B. N. Hill, East Palo Alto-Menlo Park; Atty. F. E. Hoffmann, legal adviser; H. Plath representing the commercial floral industry; Martin A. Poss, representing the professional and private estate gardeners; and Miss Pansy Jewett Abbott, who is an honorary director.

Chester P. Lipman will continue as secretary, Gibson announced.

INNOVATIONS LISTED

Plans for the 1939 Fiesta, Lipman said, include the following innovations:

Evening performances of the Harry Rowell Rodeo on Friday and Saturday, with afternoon performances Saturday and Sunday. The rodeo will supplant the pageant, he announced. Other entertainment including fireworks will be provided Thursday and Sunday nights.

A new "Sportsman's Show" in the Bay Meadows paddock, to be arranged by a committee representing the sportsmen's clubs of San Mateo County, with Richard Fischer of San Mateo as chairman.

An archery tournament.

A plug casting tournament.

The sports events, Lipman predicted, will increase morning attendance at the Fiesta. The paddock exhibit, he said, will have the support of the California Fish and Game Commission and the U. S. Forest Service.

The entire paddock will be devoted to a display of wild life and conservation demonstrations. An outdoor waterfall, enclosure for deer and smaller animals, an upland game exhibit largely from the Alpine Ranch of James Rolph III, and other interesting features were promised.

WOODSIDE

LEARNS OF DEATH

(Special to the Tribune)

WOODSIDE, May 11—Mrs. J. W. Christensen received word Sunday morning of the death of her father, Theodore Cheney, in Hayward. He had been ill for nearly a year. Funeral services were held at 2 p.m. today from Pratt's Memorial Hall in Hayward.

Peter Duzanica, member of the Woodside Veteran Firemen, was elected president of that group at the business session held last week at the Woodside Firehouse. Elected to serve with him were Charles Strong, vice president; Leland John, secretary, and E. J. Bonanfant, treasurer.

Pres. Tom Shine presided. Items considered were arrangements for two dances which will be held by the firemen, the benefit dance for the Woodside-Portola Boy and Girl Scout Troops on Saturday evening, May 20, and the Annual Firemen's Dance in June. The department also voted to sponsor a baseball team this season and a sum of $100 was set aside for this activity. Almost 50 per cent of this money must go for liability insurance for both the property and the players. The preparation of the field and equipment will require the remainder. Peter Duzanica was named as manager of the baseball team.

Fire Chief John Volpiano stated that Eugene Titamer had been hired by the Board of Fire Commissioners as a "sleeper" at Woodside station at $15 a month. Titamer will be on night duty five nights a week from 9 p.m. till 7 a.m. through the Summer, thus putting two men at the local firehouse at all times.

Under the direction of Charles Strong, a committee served refreshments.

Mrs. J. D. Pierce has returned from Victoria, B. C. where she was called several weeks ago by the death of her father.

Beverly Williamson, daughter of Mr. and Mrs. Harry Williamson, who was critically ill at Mills Hospital for several weeks, is now convalescing at her home here.

Around The Town

(Notices of meetings of organizations will be listed once in this column free of charge if telephoned or brought to the editorial department of the Tribune before 12 noon the day of publication.)

JUNIOR WORLD WIDE GUILD members will meet at 6 p.m. tomorrow at the First Baptist Church for a potluck supper.

SEQUOIA Circle 1568, Companions of the Forest of America, will meet at 8 p.m. tomorrow at Foresters Hall.

WOMEN OF THE MOOSE will hold a benefit whist party tomorrow at 2:15 p.m. at the Moose Club. Score cards are 25 cents. Mrs. John Fry is chairman.

BONITA Parlor, Native Daughters of the Golden West, and Redwood Parlor, Native Sons, are holding a joint Mothers' Night program at 8 o'clock tonight in Odd Fellows' Hall.

WOMAN'S RELIEF CORPS will present a Mothers' Day program at 2 p.m. tomorrow at Odd Fellows Hall. The juniors will meet after the Gen. George S. Evans Corps meeting.

GUARDS OF ROBIN HOOD Circle 517, Neighbors of Woodcraft, will meet at 8 p.m. tomorrow at the home of Mrs. James Wallace of Friendly Acres. Co-hostesses will be Mrs. Burton Barteaux Jr. and Mrs. A. P. Jordan.

N. Y. Prices Mixed In Dull Trade Day

NEW YORK, May 11 (AP)—It was a case of "where do we go from here" in the stock market today and, with prices jumbled from the start of an indifferent session, the direction was highly indefinite.

Comforting to those who have been raised on the adage "never sell a dull market" was the fact that volume dwindled to another one of the low figures since last June. Transfers approximated 400,000 shares. Early losses running to a point or so were reduced at the close and plus marks were in evidence here and there, but numerous issues finished under water.

Mr. Wallace With Tongue in Cheek

Why the tongue in cheek, Mr. Secretary? From stand in front of exposition's Federal building, Secretary of Agriculture Henry A. Wallace hears international good-will address of President which opened New York World's Fair.

Clean Up Committee Delays Meeting Week

What Chairman Frank A. De Patta expects to be one of the Clean Up Campaign Committee's most important meetings of the year has been called for Friday, May 19, at 7:30 p.m. in the office of City Manager C. L. Dimmitt. According to Secty. Frank Thompson, reports are due from a committee appointed to study means of beautifying Redwood Creek where it runs through the heart of Redwood City. The meeting was to have been held this week but due to a conflict of dates, it was postponed until next week.

Oil Salesman Asks Probation in Theft

C. F. DeSenglau, 45, salesman charged with defrauding Joe Port, Redwood City shoemaker of $1098 in oil leases, pleaded guilty to two counts of grand theft in Judge A. R. Cotton's court Monday. DeSenglau asked for probation and the case was postponed two weeks.

In Judge Maxwell McNutt's court, Clarence Berendt, San Francisco, was admitted to two years probation on a check charge, after he serves 60 days in the county jail. He was given credit for 28 days served and will be required to make restitution in the amount of $18.80. He was arrested on similar charges in San Francisco where he served a year in jail before standing trial here. He was accused of passing a check on a Redwood City merchant in April, 1938.

Kay Roberts, San Mateo, accused of stealing an automobile there, pleaded guilty and asked probation. The case was continued two weeks.

The North Carolina strawberry belt reported 1939 production conditions were almost ideal.

THE FAIR VISITS THE FAIR

Lured to Treasure Island by the romantic appeal of the Court of Flowers, as colorfully depicted on one of the ten exposition stamps of the Associated Roads to Romance Stamps of the West series, attractive Miss Hilda Byrne sees its beauties first hand. With Clyde M. Vandeburg, Director of Promotion of the Golden Gate International Exposition, as a willing guide, Miss Byrne compares the natural beauties of the Court of Flowers with that pictured on the Associated stamp of the same name. Shown in the background is the "Girl and the Rainbow" statue, which forms the central motif in this most charming of Exposition settings.

'GOLDEN GATE' CHOSEN NAME FOR NEW NATIONAL CEMETERY

The new National Cemetery to be developed at San Bruno in San Mateo County has been named the Golden Gate National Cemetery, it was announced today at the headquarters of Maj. Gen. Albert J. Bowley at the Presidio of San Francisco.

Acquisition of land for the new cemetery was authorized by Congress in June, 1937. A site of 163 acres near the Tanforan Race Track has been purchased by the United States Government.

It is planned to begin the development of a part of this tract shortly after July 1, 1939. The house now on the premises will be used as a superintendent's lodge. A chapel for funeral services and a rostrum for Memorial Day exercises will be constructed.

The San Francisco National Cemetery at the Presidio, established in 1883, now consists of approximately 29 acres. There are 18,225 now buried in the Presidio. At present, between 800 and 900 interments take place in this cemetery a year. It is estimated that the remaining available space in the San Francisco National Cemetery will be occupied within two years, after which time the new Golden Gate National Cemetery will be used.

So far as can be foreseen at this time, the Golden Gate National Cemetery at San Bruno should provide for approximately 100 years space for those entitled and desiring interment in a national cemetery in California.

S. M. TO WIN THROUGH TRAIN

SAN MATEO, May 10.—San Mateo's campaign to have through Southern Pacific trains stopped here achieved at least partial success today. Gilbert D. Keitle, secretary-manager of the San Mateo Chamber of Commerce, was informed that "at least one" San Francisco-Los Angeles train will make a local stop at San Mateo instead of Burlingame after the next schedule of train service is drawn up.

Sluggish Kidney Signals

Getting up nights, burning or scanty flow may be nature's signal of sluggish kidney action. Heed nature's warning. Kidneys need occasional flushing as well as the bowels. Help eliminate excess acid and other waste which can cause the irritation that wakes you up. Ask any druggist for the 4-day test box of Bukets. Locally at Young Drug Co.

Community Chest Conference Slated

Opening of the Pacific Coast Conference of Community Chests and Councils at Castlewood Country Club, Livermore, tomorrow, may find several Redwood City citizens attending some of the sessions. Mrs. A. S. Kalenborn, president of the chest directorate; Mrs. B. E. Myers, Cuthbert B. Currie and J. E. Morrish have made provisional plans to attend at least a few of the meetings which have been scheduled.

Tomorrow morning from 8 to 10 welfare problems will be considered. Friday from 9 a.m. to noon, the questions of budgets, surveys and studies, and kindred matters will be considered. Following a 12:30 luncheon, the hour between 2 and 3 will be given over to education subjects, with a discussion on publicity following from 3 to 5. From 8 to 9 p.m. a panel discussion will be held.

Saturday's sessions, running from 9 a.m. to 1 p.m., consider administration, corporation support of chests, special campaign problems, special prospect solicitation and geographic and employe solicitation.

Anyone desiring to attend may do so. Full information may be secured by contacting Mrs. Kalenborn.

Speaking Contest Set for Saturday

W. Earl Whitaker, representative of the Redwood City Toastmasters Club in the district speaking contest, will speak Saturday night at San Jose, club members were informed at their meeting Monday.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"

No Money Down

Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.

(This offer applies to plate work)

These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

DU PONT

REG. U.S. PAT. OFF.

DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "Realistic" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS

There's no need of buying a new plate when your old plate can be made to fit right and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .

Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

R. C. Bike Club Fame Reaches East Bay

Aims and purposes of Redwood City's Bicycle Safety Club, sponsored by the local Veterans of Foreign Wars, were explained to firemen and policemen of the VFW organization in Oakland Monday night by Joe S. Farr, director of the local club, who was asked by the East Bay group to speak. Farr was accompanied to Oakland by William Hanley, eighth district VFW inspector, and C. E. Rudisill, commander of Post 2310, Redwood City.

$129.50 and up Convenient Terms Arranged

WHO doesn't like to make a bargain? Here is one. It is like saving Twelve Dollars. Good just this month. After May 31 the bargain is off.

You turn in your present non-automatic water heater on the purchase of a modern Automatic Gas Water Heater that qualifies for this offer.

You receive Twelve Dollars trade-in allowance for your old non-automatic water heater. That means you have a credit of Twelve Dollars that is deducted from the price of your new Automatic Gas Water Heater.

During the summer months every home needs MORE HOT WATER and should have PLENTY OF HOT WATER. There is one way to be certain of an ample supply—one sure way—your heater must be AUTOMATIC. No striking of matches—no waiting. Hot water is always automatically there when you turn a faucet.

Once you have used an Automatic Gas Water Heater you will wonder how you ever got along without it!

TURN ON HOT WATER AT THE FAUCET

$12 FOR YOUR NON-AUTOMATIC WATER HEATER WHEN YOU BUY A MODERN GAS AUTOMATIC WATER HEATER

SPECIAL TRADE-IN OFFER ENDS MAY 31

THIS SPECIAL TRADE-IN OFFER APPLIES ONLY on the purchase of an Automatic Gas Water Heater of 20 gallon capacity selling for $50 or more and on larger gallonage heaters priced proportionately.

Demonstration Slated Against Assemblyman

PALO ALTO, May 10—As far as the local police department is concerned, there will be no public demonstration by the Workers' Alliance of San Jose in front of the Palo Alto home of Assemblyman Byrl R. Salsman during his absence, as a means of turning him "toward the correct path" in his voting on bills before the state legislature.

Learning that such an expression of "disapproval" is planned, Police Chief Howard Zink today declared:

"Any group that plans a demonstration at the home of an assemblyman, terrorizing his wife and children, in order to induce his support for certain legislation is cowardly beyond words. I want to say, as far as Palo Alto and the police department of Palo Alto are concerned, that any demonstration attempted at a law-maker's home in his absence to intimidate his wife and children will absolutely not be tolerated."

Zink had in his possession a communication addressed to Carpenter's Union 316, in which Robert Garner, president of the Workers' Alliance Local of San Jose, is quoted as saying that "Byrl R. Salsman, 30th Assembly District, has voted almost consistently with the obstruction bloc, against progress. The Workers' Alliance, feeling that only dramatic public action along with all other methods (not including Hearst's non-existent Workers' Alliance Night Riders) will swing Salsman toward the correct path, is planning a public demonstration of disapproval in front of his home at 1861 Fulton St., Palo Alto. We are sending Mr. Salsman a communication announcing this as soon as the time and date are decided.

"We feel that the effect on Mr. Salsman will be much greater if an organization devoted to progress will enforce this action, and inform him of the facts. We ask you, in our common interests, to support the Workers' Alliance in this way and to inform us of your action."

In calling attention of Chief Zink to the proposed demonstration Assemblyman Salsman declared:

"Of course, you know that I would have not the slightest objection to meeting with any representative of the Workers' Alliance for the purpose of discussing their legislative program. On the other hand, I certainly do not wish them to appear and stage any demonstration before my home when I am not present and I am appealing to you and the department to see that no such demonstration is held in my absence. You can appreciate that a demonstration such as the Workers' Alliance is likely to make would not be particularly reassuring to my wife and two small children, especially in my absence."

Assemblyman Salsman said that the Workers' Alliance has conducted such demonstrations before the homes of other members of the assembly.

Asserting that "we must show by all means at our disposal tremendous support for a progressive program," Garner (whose name is typed but not signed at the bottom of the copy of the communication received by the chief of police) remarked that "Senator John D. Foley and Assemblyman M. G. DelMutolo of San Jose has so far produced good records. Support by communication, etc., and what friendly criticism may be needed will help them to represent us correctly."

MENLO PARK NEWS NOTES

WINS AIR LINE POST

MENLO PARK, May 12.—Allen Bonalli has been appointed assistant to the vice president of the United Air Lines at Chicago. He is an expert aviator. Mr. and Mrs. Bonalli, the former Frances Casey of Menlo Park, left San Francisco for the East a month ago and intend to make Chicago their home.

Mr. Shriner has purchased a parcel of land adjoining the grammar school on the highway from Mrs. George E. Russell. The new owner is to erect a business building on the property and will demolish the old structure, a land mark, existing on the lot. The site is a portion of the old Gorman estate that has been held intact by the heirs for over 75 years.

The Richfield Oil Co. is erecting a station on the Rice property on the highway. The lot was formerly the site of the first kindergarten established on the Peninsula, sponsored by the late Mrs. Leland Stanford. The last teacher of the school was Miss Louise Daley of Burlingame. This will make the eighth station in town. Notwithstanding the keen competition the price of gas remains the same. It used to be said that competition was the life of trade. Not so with the oil companies, for they are a law unto themselves.

At a meeting of the city council held Tuesday evening, D. E. O'Keefe was appointed a member of the Las Pulgas Mosquito Abatement District to succeed himself. He has held the position for nearly 20 years.

The Shell Oil Co. is replacing its super service station on the corner of Santa Cruz Ave. and highway with a larger and better building. The agent, Robert Cain, feels that his courtesy and fair dealing have built up a big business, hence the enlarging of the quarters.

John Marley has leased the corner in the Murray block for a poolroom and amusement parlor. Mr. Marley is a veteran in this line of business, having conducted similar places at various times in different parts of the country.

The rainfall for Tuesday night was .22 inch, making a total of 10.64 inches for the season. The precipitation at this time last season was nearly double this amount.

A son was born on last Monday in San Francisco to Mr. and Mrs. James Flood, formerly of Menlo Park. The youngster will be named James C. after his great-grandfather, the man who amassed a fortune when a member of the Bonanza Kings who took millions from the Comstock mines in Nevada. The Kings, Flood, O'Brien, MacKay and Fair have long since passed beyond the blue horizon.

Menlo Park Native Daughters of the Golden West will hold a card party in the Central School on Thursday evening, May 25. Ethel Hara will be chairman of the evening. Excellent prizes will be awarded the winners of the game.

Nearly 100 boys and girls will receive their first Holy Communion in the Church of the Nativity at the 8:30 a. m. mass on Sunday. After the services breakfast will be served the communicants in the parish hall by the Mothers' Club.

A son was born in the Palo Alto Hospital last Sunday to Mr. and Mrs. Harold Wild, nee Able, of Menlo Park.

Plas for San Mateo County day at the Exposition June 11 were outlined for the Menlo Park Chamber of Commerce at its meeting in Stone's Cellar Monday night by George J. Davis, co-chairman. Mrs. Harms reported $152.78 in the treasury and O. H. Oleson told the chamber that $205 would be turned over to the recreation fund as a result of the Founders' Week activities.

John A. Sullivan, Mrs. Emma Stribling and A. F. Poulter were named to a civic committee to work with other Menlo Park organizations. Mr. Poulter was chairman of Monday's meeting and introduced Isabelle Weeden Lindquist, who sang, and Mr. Davis, the speaker of the evening. Mayor James E. Cooper reported the baseball field would be completed this week. Motion pictures of the Founders' Week parade were shown by Fire Chief E. F. Hara.

The Menlo Park NDGW will hold a whist party in Central School auditorium Thursday, May 25, at 8:15. Score cards will be 25c.

W. H. Weeden will attend the Grand Parlor of the NSGW in San Francisco next week as a delegate from Menlo Park NSGW.

Attorney Cotton, Son Of Judge, Injured

Aylett Borel Cotton, son of Superior Judge A. R. Cotton, was seriously injured Sunday afternoon at his father's San Mateo home when his horse, "Vaquero," reared and fell over on him. Cotton, former Stanford athlete and now a practising attorney in San Francisco and on the Peninsula, suffered a cracked vertebra and will be in a plaster cast for four weeks, his father said.

The horse, according to the judge, was a thoroughbred gelding which came from the race tracks, was high spirited and nervous. His son had endeavored to break the animal of its fractiousness, he said, and although it had reared before, it had never fallen.

Fortunately, young Cotton rode an English saddle. Had he been riding a Western saddle, the judge said, the pommel might have caused a more serious injury.

The accident happened at 3 p.m. Cotton was taken to Mills Memorial Hospital.

Shore Railroad Asks for Rebate Of County Taxes

Ocean Shore Railroad Co. and the McNee Co., litigants in a protracted series of condemnation proceedings for rights-of-way for the Ocean Shore Hwy., today appealed to the superior court in San Mateo County for declaratory relief as a taxpayer.

The plaintiffs, who contended that much of their property had been occupied by the highway and that the taxes levied on it were "illegal, improper, and capriciously assessed" in order to force the relinquishment of the land to the state, asked the court to return amounts paid in taxes on demand of the county. They asked further:

1. That no further payments be required until Apr. 20, 1940.

2. That the county be enjoined from selling, disposing, or encumbring the property.

3 That the court set forth the rights, duties and obligations of the parties to the suit.

The two plantiffs allege that the state law provides for the redemption of property marked "sold for taxes" to the state and for extension of the redemption period. They maintain that by reason of these "tax moratoriums" they were not obligated to make payment by way of redemption, but that the county insisted that such payments were necessary to protect title.

They allege they were coerced into making a tax payment covering 10 per cent of the assessments for 1931-37, plus 1938-39 assessments, the payment totaling $6207.17.

The plaintiffs allege that the property, as railroad property, had been taxed by the state on the basis of 4 per cent of gross earnings between the years 1910-1935, and that the law did not permit counties to assess the real estate.

In 1920, according to the complaint, the railroad ceased operations and in 1921 the county assessed the land and added it to the tax rolls, arbitrarily raising the assessment in 1931 when Judge Maurice T. Dooling placed a valuation of $112,000 on the rights-of-way sought for the highway.

The two companies ask return of the $6207.17.

Industrial Conference Now Set for May 24

The Redwood City Chamber of Commerce's Industrial Conference, which was to have been held May 18 to assemble industrial data about Redwood City, will be held instead on May 24 so that F. T. Litchfield, industrial authority for the State Chamber of Commerce, may be present. Secty.-Manager Roscoe D. Wyatt said the session would be held at 7:15 p.m. at the local chamber office.

The capital investment in the Alaska salmon industry is approximately $100,000,000.

THREAT to Gas Tax Funds

The motoring public builds and supports all highways and bridges, whether publicly or privately owned. It may be through the payment of tolls or it may be through the payment of gasoline tax. And because of certain questions that are being currently asked, and certain proposals are being made which would affect the future of the Carquinez and Antioch Bridges, this statement of policy is being made to the motoring public.

Sixteen years ago Contra Costa County granted, and the state legislature ratified, twenty-five year franchises for the construction of these bridges. Relying on those franchises, over ten million dollars was invested by local citizens and spent for construction. To date there has been returned to these investors slightly over one million dollars, although taxes paid have amounted to more than $1,800,000.

The State Must Decide

The owners of these bridges prefer to keep them for the remaining eight and one-half years of the franchises and then turn them over to the public absolutely free of either purchase price or tolls. Nevertheless, the company recognizes that the state has the right to acquire, at a fair valuation, any property which it deems necessary in furtherance of public policy. Whether or not this should be done is a straight business proposition which the state alone has the right to decide.

The problem is, whether it is cheaper to let the bridges remain in private ownership for 8½ years or spend millions in their acquisition. There are three methods open to the state to acquire these bridges:

1. It can negotiate with the owners. This the owners have repeatedly offered to do and the offer still remains open.
2. It can require a valuation to be fixed by the Railroad Commission which *must* be accepted by the owners.
3. It can condemn the bridges at a value fixed by the Superior Court.

These bridges can be purchased or new bridges can be constructed without the use of one penny of gas tax funds under the Toll Bridge Authority Act, which provides for self-liquidating revenue bonds.

Funds Would Be Diverted

Now, however, it is proposed by Assembly Bills 2665 and 2666 not to buy the bridges, not to even construct competing bridges under the Toll Bridge Authority Act, but rather to divert SIX to TEN MILLION DOLLARS OF GAS TAX MONEY from badly needed Northern California projects in order to erect new bridges without any requirement that the tolls shall be adequate to repay these funds. Also, the bills permit the purchase of ferries WITHOUT LIMIT AS TO PRICE to establish competing ferry lines.

And the Highway Commission which, under existing laws, has control of the allocation of gas tax funds, has no power to veto this diversion.

If California wishes to own these toll bridges, let her buy them at a fair valuation, which would be far less than the cost of building new bridges. But let us not advertise to the world that private capital legally invested in this state, and relying on the validity of public franchises, is to be destroyed by the state itself.

Planning Commission Aide To Tour Europe

Corwin R. Mocine, landscape engineer for the county planning commission, will leave Sunday for New York where he will sail May 19 on the S.S. Saturnia for Italy. Mocine, who lives on Lakeview Way, Emerald Lake, will be accompanied by Dr. William Moroney, University of San Francisco chemistry professor. The two plan to spend four months in Italy, France, England and the Scandinavian countries inspecting housing, city planning, art, and architecture. They plan to make much of their European tour on bicycles.

The national traffic death rate for each 100,000 people in 1938 was 14.5.

HOW WE GIVE REAL FURNITURE VALUES

The best way we know how to give our customers real furniture values is to keep a sharp eye on our own buying. We're right there when a bargain is in sight. How can we tell? We ask you to match our prices and furniture with others. Come in today and visit the peninsula's largest and most complete furniture store.

Three Million Savings Seen

Welcome news to all users of electricity and gas came today from the State Railroad Commission when it announced that reductions of rates over the entire system of Pacific Gas and Electric Co. would be made soon.

Total amount of the reductions is expected to be $3,200,000 annually in the territory from Bakersfield on the south to Eureka on the north.

Ot the total, electric rates will be reduced $2,200,000 annually and gas rates $1,000,000.

DUE IN JUNE

The new, lower electric rates will be filed as soon as conferences with city officials and other interested parties and the commission staff are concluded, probably by June 1, so as to become effective with bills rendered on and after July 1. The lower gas rates probably will become effective on Aug. 1.

These adjustments will be made over the entire system of the company, President Ray C. Wakefield of the commission said, and without discrimination as between communities of their respective classifications.

The large reduction in rates is the culmination of three separate investigations by the commission staff, President Wakefield said.

AFFECTS OUTSIDE AREAS

As soon as members of the staff have established an equitable distribution of the savings, the speso that customers can determine cific new rates will be announced what their individual savings will be. In this connection the electric rates are receiving immediate attention and when that problem is solved, the spread of the new gas rates will be determined.

Residents living adjacent to municipalities, but actually outside the corporate limits, Wakefield said, have been assessed higher rates than those charged within city limits. The commission has found there were a number of municipalities in which there are substantial residential districts outside the city limits.

"Consequently a years ago the commission opened a study on this problem and since has combined it with other investigations of this company. We are hopeful of making our first adjustments in these types of communities with this rate reduction," he said.

Methodist Bishop Transferred to L. A.

Transfer of Rev. James C. Baker, D. D., bishop in San Francisco of the First Methodist Episcopal Church, to Los Angeles in one of 12 reassignments was made Monday night by American Methodism's uniting conference in Kansas City, Mr. Bishop Baker recently spoke at the Methodist Church in Redwood City.

In the merger of the M. E. Church, Methodist Church South and Methodist Protestant Church, bishops would be assigned to one section of the country for life. Previously, any bishop in the northern or southern branches of the Methodist Episcopal Church could be sent anywhere. The Methodist Protestant Church did not have bishops.

Reassignments affecting other Pacific Coast cities are: Bishop Titus Lowe from Portland, Ore., to Indianapolis; Bishop Wallace E. Brown from Chattanooga, Tenn., to Portland, Ore., and Bishop William C. Martin from Glendale, Calif., to Omaha, Neb.

One westerner, Dr. Walter C. Buckner of Los Angeles, was honored by election to the judicial council. Under the unity plan, the two larger bodies involved in the merger each have four members and the former Methodist Protestant Church has one.

Cement Plant Wins Further Approval

SAN JOSE, May 9—The Santa Clara County Board of Supervisors yesterday approved unanimously a $50,000 bond posted by the Permanente Co., wnich seeks to erect a $4,000,000 cement plant on Permanente Creek just north of Stevens Creek dam.

The action was taken despite protests of August Fritze of San Francisco, Los Altos property owner and leader of a group which contends that the erection of the plant will damage surrounding property with dust.

Fritze contended the bond was a form of agreement to limit the cement company's liability to $50,000.

Permanente Co. was sole bidder for the entire cement requirements of Shasta Dam for a four-year period. Other bidders, including Pacific Portland Cement Co. of Redwood City bid on portions of the contract.

Tannery Negotiations Again Bogged Down

Future negotiations of differences between 150 striking employes of two Redwood City tanneries and their employes hinge on the clarification of employe classifications, it was learned today.

W. A. Storie, San Francisco Employer's Council representative who has been acting as a go-between, said he would meet with Milton S. Maxwell, international vice president of the Amalgamated Meat Cutters and Butcher Workers Union, in San Francisco tomorrow.

Following rejection of the first compromise offer advanced by the S. F. Frank & Co. and the Beeger Tanning Co. the struck firms' Storie announced no further offers would be made until classifications are clarified.

725 Attend Local Camp

Southern division scout troops took their share of the honors Saturday and Sunday at the annual council Boy Scout camporee. More than 725 scouts and leaders camped overnight at the Happyland ranch near Redwood City, participating in the most successful countywide camping meet held in recent years.

Patrols from scout troops in Menlo Park, Redwood City, Pescadero, and Woodside took part in the camporee and qualified for the Northern California camporal to be held in Santa Cruz May 20 and 21.

Troop 153 of San Carlos was announced as one of the five leading units in the council during the closing ceremonies yesterday. The San Carlos unit took part in the Treasure Trail, a grueling test of scout knowledge, and scored one of the five best records. Other winners were Troop 98, San Mateo; Troop 85, Lomita Park; Troop 72, San Bruno; Troop 10, Burlingame.

In charge of the winning San Carlos unit during the two-day camporee were Howard Demeke and Assistants Robert Barker and Henry Glaves, all of San Carlos.

Among the supervising staff at the camporee was a group of explorer scouts from the southern division headed by Bob Copp of Atherton and Victor Hugo of Redwood City.

The camporee committee consisted of Bert Werder, John Volpiano, Alexander Donald, J. V. Christie, Howard Hoover, Bob Williams, Fred Benoit, Frank Bitter, Paul Wessel, Samuel Karnes, J. Fraser, H. L. Day, B. Langton, Dr. W. I. Peterson, H. J. Demeke, Ralph Brill, Clyde Devine, Ernest Hills, Earl Schmidt, Bradford Datson, and E. A. Barrer.

COULD LARGE ROUND WORMS HAVE DONE THIS TO MY CHILD?

Yes, Mother, Large Round Worms may upset your children. And the signs can be recognised, for children having Large Round Worms may be restless, irritable, fretful or nervous. Other signs may be broken sleep, poor appetite, fidgeting and nose picking.

Even the usual good care and cleanliness do not always protect children from these Round Worms, for the infection may easily be caught from flies, dogs, uncooked vegetables, fruit, contaminated water, dirt, etc. In order to make sure, ask your druggist. He'll say

JAYNE'S VERMIFUGE

It is mild, mint flavored, and requires no dieting or starving. Jayne's Vermifuge expels Large Round Worms, and the poor appetite and digestion caused by these worms will be improved. All drug stores. Send post card to Dr. D. Jayne & Son, Inc., Phila., Pa., for brochure on worms.

Action Taken Unanimously

It took the Redwood City Planning Commission just 20 minutes Monday to hear both sides of the issue for rezoning Central Park district, weigh the evidence, and unanimously vote to recommend to the city council that such action be taken.

The council, at its meeting next Monday evening, is expected to make the change in the rezoning ordinance for that residential area from second to first class, thereby restricting it to single-family dwellings.

An audience of more than 100, virtually all property owners in the area who nearly two months ago petitioned for the change, packed the courtroom in the courthouse, and roundly cheered the commission following its unanimous approval.

ONE PROTEST FILED

Only protest filed was by Thomas Nelson, who appeared before the commission previously and declared that he had made certain investments in property in this district for the purpose of building a $14,500 bungalow court. Nelson last night asked the board to consider "whatever rights he had" in the matter.

The area petitioned for rezoning is bounded on the southwest by Avenue Del Ora, on the southeast by Jefferson Ave., on the northwest by Katherine St., and on the northeast by Grand St. and one block of Fulton St., between Lexington St. and Jefferson.

Those who spoke last night included A. H. Morgan Jr., who thanked the commission on behalf of the Central Park residents for its action; E. C. Anderson, Mrs. Josephine Offerman and F. E. Clodi.

TO INVESTIGATE REQUEST

The planning commission will investigate the property on which Nelson wishes to build the bungalow court and will decide whether to recommend such construction to the city council at a meeting at 7:30 p.m. next Monday, just before the council meets. Nelson, who must have the approval of the council for such building, is seeking a Federal Housing Administration loan, and maintains that any further delay will prove costly.

The commission also approved a request for the construction of an automobile court on Broadway near Beech St. C. A. Charles, builder, was represented by Charles Holt, local realtor, in requesting the permit.

DIVORCES SPANISH WIFE

Because the wife he married in Spain refused to come to this country, Juan Lopez was granted an interlocutory decree of divorce by Judge A. R. Cotton on Monday Lopez is an employe of Pacific Portland Cement Co., Redwood City.

Home Threatened By Afternoon Fire

The home of Mr. and Mrs. Vincent De Bella at 521 Winslow St., Redwood City, was threatened at 4:40 p.m. yesterday when a mattress and dresser were partially destroyed by fire of undetermined origin, the fire department reported.

The blaze had been extinguished by Mrs. De Bella with the aid of two carpenters working on a nearby house when the firemen arrived. A corner of the room was scorched by the flames.

Legion To Aid Book Removals

At the meeting of Redwood City Post 105 Monday night, a group of Legionnaires tendered their services to the Redwood City Library Board to assist in transporting the books now in the present building to the stacks in the new location adjoining the city hall.

Announcement was also made by Comm. A. B. Blakely that a Junior Baseball Team was being organized under the chairmanship of Past Comm. Roger Walsh, assisted by Elbert (Pinky) Garcia, Red Morton of the recreation commission, and a member of the athletic department of Sequoia High School.

Arrangements are now completed for participation of the American Legion in the dedication ceremonies incident to the opening of the new courthouse by the Native Sons of the Golden West, when an American flag will be presented to the board of supervisors by Harrison Call in behalf of the Legion.

Harry Harrison, Americanism chairman of the 26th district, announced the program for Hospital Day, which will be observed next Sunday at the Palo Alto Veterans Facility, beginning at 12:30 p.m. with a parade in which all veterans' organizations in the county will participate, assisted by numerous bands and drill teams.

Following the parade, a baseball game between the Fort McDowell and Brazer and Sullivan teams will be played on the hospital diamond. O. K. Whittenburg, department commander of the DAV, will act as master of ceremonies; Stuart R. Ward, past commander of the eighth district, will speak on national defense, and Milton C. Sapiro of Golden Gate Post, San Francisco, will talk on Americanism.

The public is invited to attend the ceremonies, which will be held on the hospital grounds.

SERIOUS FIRE PUT OUT

BELMONT, May 8—Belmont fire department extinguished a dangerous grass and brush fire Saturday afternoon after a 30-minute fight. The blaze, on Coronet Ave., endangered a nearby house under construction and several other homes across the street, according to Fire Chief Edward Johnson.

Both Harm and Benefit Brought by Morning Rain

Rain which fell on the Peninsula early this morning brought both harm and benefit to farmers, according to Agricultural Commissioner Max J. Leonard.

The rain, first in Redwood City since Apr. 13 when .33 inch fell, brought .25 inch here compared to .20 inch in Palo Alto, .30 in Burlingame, and .26 in San Mateo.

In all communities rainfall was far below normal. Redwood City showed the lowest seasonal total, 10.85 inches, since 1931, when 11.04 inches had fallen by the end of May. Last year to date the rainfall was 26.59 inches.

Palo Alto has received only 10.54 inches this season, Burlingame 13.04 inches and San Mateo 11.52 inches.

This morning's rain helped the peas and beets on the Coastside, vegetables in the northern part of the county, and flowers throughout the county. It harmed the cut hay on the easterly side of the mountains and did minor damage to uncut hay on the Coastside, Leonard said.

Preliminaries Delay $10,000 Suit Here

Preliminaries in the $10,000 damage suit of Madeline Echlin against the Town of Hillsborough promised to overshadow the trial itself as Judge A. R. Cotton Monday received from the supreme court a writ of mandate requiring substitution of attorneys for the plaintiff, at the same time declaring a section of the civil code unconstitutional.

The plaintiff, a music teacher, claimed she was struck by the limb of a tree Dec. 22, 1937. Her complaint was filed by Atty. J. E. McCurdy. Subsequently she asked that Atty. Robert E. Hatch be substituted.

Judge Cotton continued the case four times in an effort to force Hatch to make an appearance in court. Hatch secured an injunction from the court of appeals ordering Judge Cotton to show cause why he should not make the substitution.

According to Judge Cotton, he did show cause, citing Sec. 284 which permitted him to fix the compensation due McCurdy. The appellate court upheld Judge Cotton, but was reversed by the supreme court wihch held the section unconstitutional, and that the original attorney of record must recover his fees through ordinary procedure.

Since the supreme court order does not become effective for 30 days, the case was continued until next month.

Richfield Stands Tough Road Test

One of the most comprehensive gasoline and motor-car road tests ever made has just recently been completed by Richfield engineers.

For 65 days practically every type of automobile was tested under all driving conditions. The Imperial Valley region, toughest test on automobiles and gasoline in the United States, was used. Also, tests in below-freezing temperature on mountain roads were recorded. During all of these severe tests, performance meters registered the car-pulling power and the efficiency of different gasolines.

According to G. French, Richfield sales executive, the tests were made to check their new Hi-Octane gasoline against laboratory test.

"To get all-round performance in a gasoline is a laboratory duty, but to see if it works out on the road is the engineer's job," states French.

CROSBY DUE FOR HONOR

BURLINGAME, May 10.—Coroner William F. Crosby of San Mateo County will attend the convention of California Coroners' and Public Administrators Association in San Francisco tomorrow through Saturday. Crosby is slated to become the next president of the coroners' association.

Niagara Falls nearly ran dry on March 29, 1848.

Chevrolet Parts Easily Available

An indication of the part that Chevrolet dealers here and throughout the United States play in servicing Chevrolet owners with service workmanship and replacement parts was contained in an interesting comment this week by F. Norman Phelph, Chevrolet's Pacific Coast regional manager:

"With more than 25,000,000 automobiles on the highways of the United States, it would obviously be impossible for each dealer, or any dealer, to maintain a complete stock of parts for all the various years' models of his respective make of car. This is especially true of dealers representing long-established and large-volume producers, such as Chevrolet. However, Chevrolet has taken the lead in acknowledging its moral obligation to make complete replacement service available to all of its owners, regardless of the age of their cars and regardless, also, of whether they were purchased new or used.

"Chevrolet maintains an elaborate system to assure every Chevrolet owner, no matter how old his car, of quick parts replacements. There is a coast-to-coast network of parts stocks located in 41 principal cities of the nation. These cities have been selected with a view to strategic location, in an effort to make available, within 24 hours, any part which any Chevrolet owners in the country could possibly want.

"Thirty-four of the 41 cities have zone warehouses, each of which carries upwards of 12,000 different items for which the demand is comparatively frequent. Six master warehouses, carrying still more extensive stocks, supply these 34 warehouses. And backing up this vast network, is the Master Supply Depot at Flint, Mich., carrying every part for every Chevrolet ever produced."

Jose Roza's Estate Bequeathed to Wife

Jose Roza, Redwood City pioneer who died April 29, left an estate valued in excess of $10,000 to his widow, Mrs. Mary A. Roza, 81, of 703 Winslow St., Redwood City, according to a will filed for probate in superior court today. Petitioner was Joseph A. Roza, a son.

Roza, who founded Coneslho 1, S.E.C. a Portuguese benevolent order, in Santa Clara in 1896, had lived in Redwood City for 40 years. He was 83 at his death.

His will was dated March 23, 1933.

The new process of growing vegetables in trays of water has been put in use to supply the air base on tiny Wake Island.

Japan proper contains five main islands and some 600 smaller islands.
